

# inclusive

Amgen is made up of professionals from all over the world and from across the professional spectrum. Scientists. Statisticians. Accountants. Attorneys. Engineers. Software designers. Marketing professionals and sales professionals. It takes thousands of people to bring the innovative therapies produced by Amgen, the world's largest biotechnology company, to patients who need them. Please visit [www.amgen.com/careers](http://www.amgen.com/careers) to see where we are located and the breadth of opportunities we offer. And see how your commitment to serving patients can be brought to the rewarding work we do. • As an EEO/AA employer, Amgen values a diverse combination of perspectives and cultures. M/F/D/V.
