

THE DR. JOHN P. RIER JR. BIOLOGY STUDENT TRAVEL FUND

The fund was established in memory of the late Dr. Rier to encourage African-American undergraduate and graduate students to share their research results and network with biologists and emerging biologists.

It provides transportation expenses for students to travel to scientific meetings to present their research findings, attend and participate in research institutes and seminars and/or engage in individual research projects under a specialist.

Applications and Guidelines can be downloaded at WWW.JPRTRAVELFUND.ORG
