You probably first heard of The Sherwin-Williams Company that summer when your folks made you help paint the living room. (Our apologies.) But, in fact, we've been in business since 1866. Today, we're the largest independent manufacturer and distributor of coatings in the U.S. with more than \$5 billion in sales.

## Real Growth

The Paint Stores Group is the largest and fastest growing segment of the Company with more than \$3 billion in sales (through more than 2,600 stores and growing). Most of the Group's sales are to wholesale professional users — painters, contractors, industrial and marine coatings, chemical coatings and other commercial accounts. The Do-It-Yourself market is also a strong part of our business.

To service the commercial and industrial markets, the Group maintains the largest nationwide field sales rep organization in the industry.

## Real Opportunity

We seek highly motivated individuals with an interest in a management, marketing and sales career. Our formal Management Training Program (MTP) prepares successful graduates for store management and field sales representative positions at locations throughout the nation. We prefer candidates with a business or related degree (marketing, management, etc.) and who have employment experience while in college. You must also be willing to relocate for advancement.

## Summer internships are available too

Get real experience while in college with a Sherwin-Williams Summer Internship.

## Real Benefits

Sherwin-Williams offers a comprehensive benefits package. This includes a healthcare plan (including dental), group life insurance, accidental death insurance, a stock purchase and savings plan, tuition reimbursement, short- and long-term disability benefits and a retirement plan.
