

much **ADMIRERD.**
Like Our Nurses.

If you're ready to do the best work of your life, join us here at Shands HealthCare. We're one of the most prominent health systems in the Southeast, admired for breakthrough procedures, leading-edge technologies and true nursing excellence. And we can bring the best to you in the way of extensive orientation and professional development, amazing benefits and generous PTO.

Here at Shands, you'll also have a diversity of opportunity. You can work at a Magnet-status, Level I Trauma academic medical center, with exposure to clinical trials. Or dedicate your efforts at a children's hospital, trusted community hospital, either of two specialty hospitals, or in homecare.

Come be admired for who you are and what you do. And know that your best work is still ahead.
